

Applying Universal Dependency to the Arapaho Language

Irina Wagner¹, Andrew Cowell¹, and Jena D. Hwang²

¹Department of Linguistics, University of Colorado Boulder, ²IHMC

- How UD applies to *polysynthetic agglutinating language*?
- Why is it important to consider *semantics and pragmatics* in UD relations?
- What are the possible analyses of *non-verbal roots*?
- Why “object-looking” nominals can be analyzed as *noun modifiers*?
